News Release: Tuesday, May 23, 2017

Subject: DRTC and CDTR Enrichment Program

We are delighted to announce that Dr. Sean Davies is the Director of the DRTC/CDTR Enrichment Program and that Dr. Sarah Jaser is the Associate Director of this program. In these capacities, they will oversee the weekly Friday Seminar Series ( Noon each Friday), organize our annual Diabetes Day, and lead our Outreach efforts to the greater community. Sean and Sarah bring complementary research expertise and perspective. More information is below.

Diabetes Day is Thursday, November 16, 2017 - please mark your calendars.

We look forward to Sean’s and Sarah’s leadership of these important activities. We thank Maureen Gannon for her outstanding leadership of the DRTC/CDTR Enrichment Program. By the way, Maureen is the Chair of the Scientific Sessions Meeting Planning Committee for the upcoming ADA meeting.
