

Attention: "Law, Genomic Medicine & Health Equity"

Free Conference at Meharry - 11/29/18

Free conference hosted by Meharry Medical College

Expand

Meharry is hosting a free conference on site or via a webcast on

November 29th, 2018 from 8:00 AM - 2:00 PM.

The conference aims to:

- 1) Explain current research at the intersection of law, genomic medicine and health inequities
- 2) Describe policy and legal tools for minimizing health disparities in the translation of genomic medicine to clinical practice
- 3) Discuss and propose solutions to protect underserved, immigrant, and vulnerable populations while involving them in genomic research and translational medicine.

Details and registration here: <https://consortium.umn.edu/conference/law-genomic-medicine-health-equity-how-can-law-support-genomics-and-precision-medicine-advance-health-underserved-populations>

CME credit will be offered for both live event and live webcast.
