

## Jeffrey Rathmell, Ph.D.

Professor of Pathology, Microbiology and Immunology  
Cornelius Vanderbilt Chair in Immunobiology  
Professor of Molecular Physiology & Biophysics  
(guest speaker)

Keywords: [VCSCB](#) [SPRING](#) [seminars](#)

## Meeting Details

Start Date / Time	October 7, 2020 at 9:00 AM
End Date / Time	October 7, 2020 at 10:00 AM
Duration	1 hour(s)
Location	Zoom
Presenter Name	Jeffrey Rathmell, Ph.D.
Presentation Title	Fueling T Cell Differentiation and Function in Tissues
Status	This meeting has already occurred

## Meeting Agenda/Notes

T cells undergo metabolic reprogramming that shapes epigenetic marks and cell differentiation. How these pathways are regulated to shape immune and inflammatory responses in tumor and normal tissue microenvironments remains poorly understood. New approaches to examine in vivo metabolism and immunity will be discussed.
