## Meeting Details

<b>Start Date / Time</b>	May 30, 2013 at 10:00 AM
<b>End Date / Time</b>	May 30, 2013 at 11:00 AM
<b>Duration</b>	1 hour(s)
<b>Location</b>	512 Light hall
<b>Presenter Name</b>	Jill Lindner
<b>Presentation Title</b>	Everything you always wanted to know about Labnodes, but were afraid to ask.
<b>Status</b>	This meeting has already occurred

## Meeting Agenda/Notes

Optimize your Labnodes data by featuring your community affiliations, featuring collections on your community profile page, controlling email delivery frequency and sending a private message to another Labnodes user.

Training topics:

- Manage your affiliations
- Feature collections
- Control system generated email delivery
- Send a private message
- Motivate members to enter data

### ATTENDEES

Laura Short - Clin Pharm/Roden Lab

Lynn Hall - Clin Pharm/Roden Lab

Erin Bribben - VAPR/Carnahan

Jarrod Smith - CSB

Elena Matafonova - Clin Pharm/Davies Lab

Sean Davies - Clin Pharm/ Davies Lab

Lilu Guo - Clin Pharm

### MEETING NOTES

Questions:

1. Can we migrate data from Confluence? - We are looking into this.

2. Can we add a field for email contact? - Yes, we will add.
3. Can we add a field for antibody clone number? - Yes, we will add.
4. Why is an image required for Workgroups? - We will provide 5 - 10 icons for people to choose from on the create workgroup page.
5. Is there a mouse database, like Access in Labnodes? - No, and we do not plan to add this at this time.
