

Chris Wright, D.Phil. becomes VCSCB Associate Director for Educational Programs

CHRIS WRIGHT, D.PHIL. BECOMES VCSCB ASSOCIATE DIRECTOR OF EDUCATIONAL PROGRAMS

Keywords: [vcscb news](#)

[Expand](#)

With the move of [Chris Wright's laboratory](#) to MRB-IV, he has been named Associate Director for Educational Programs in the Center. As the first tangible sign of greater interactions between the VCSCB and the Program in Developmental Biology, the VCSCB will jointly sponsor the PDB annual symposium which will be held on September 9, 2013 at the Scarritt Bennett Center. It is anticipated that the strategic alignment of VCSCB and PDB educational activities, brought about under Chris' leadership, will further expand Vanderbilt's footprint in the area of Regenerative Medicine.
