SPRING MEETINGS MOVE TO WEDNESDAYS IN 2014

Keywords: [vcscb news](#)

[Expand](#)

Our long-standing Thursday morning SPRING (Stem and PRogenitor Cell INterest Group) meetings have moved to Wednesdays beginning this month. Meetings resumed for the semester on Wednesday, January 22<sup>nd</sup>. Our meetings will remain biweekly and alternate with the BIG (Beta Cell Interest Group) meetings. The change in date will enable people involved in both groups to remain organized.
